7 Read then write the answers.

Becca's teacher gave her a History project. It was about clothes 100 years ago. She needed information. She wanted to make some clothes. She looked on the Internet. She discovered lots of things. Women wore long dresses and hats. Men wore jackets and trousers. She made the clothes. They were great. She wrote about the clothes. Then she wanted a photo. Alfie and Poppy were her models. They wore the clothes. They smiled and Becca took the photo with her digital camera. But there was a problem. There was an aeroplane in the sky. They didn't have aeroplanes like that 100 years ago. But Becca had a good idea. She changed the photo with her laptop. The aeroplane disappeared! Her teacher was very happy. The project was very good.

- 1 What was Becca's History project about?

- 2 What did women wear 100 years ago?

- 3 Who were the models for the clothes?

- 4 Why was the aeroplane a problem?

- 5 What did Becca do about the aeroplane?
